Wednesday 3rd May 2023

Dear Ken Murphy,

As we are senior members of Carnarvon Primary School Council it is our duty to inform you about the KAPTAT campaign. Outrageous plastic toys are being sold in all of your supermarkets. Lucie and George are our PP representatives and discussed, at length, our ideas and campaigns to ban plastic 'tat' with Aimie from Kids Against Plastic.

As we have seen, your plastic 'tat' comes at an extortionate price and is made by underage and underpaid foreign children. We believe that you should think twice before putting plastic 'tat' in all of your customers favourite magazines and comics.

Do you have children? If so, wouldn't you want their future to not be full of plastic pollution and for their oceans to be clean and flowing? If 'every little helps' then why ignore this massive problem?

Your supermarkets around the UK are mass producing this useless plastic 'tat'.

This is simply unnecessary. Did you know that, by 2050, there will be more plastic in the ocean than fish. Do you want to be part of the reason this horror story becomes reality? If not, support our campaign. Consider the next generation. Consider the world. Ban tat.

On behalf of Carnarvon School Council, we look forward to your reply in the not too distant future.

Yours Faithfully,

Lucie Weston and Seren Sharp (aged 11)
